

MITS Science Fair-2011

‘MITS Science Fair-2011’ is being organized at Faculty of Engineering and Technology (FET), Mody Institute of Technology & Science (MITS), Lakshmangarh (Sikar) for various schools on **26-27 November, 2011**. The Science Fair will provide a platform to **11th and 12th class students** of science streams to judge how sound is their fundamental understanding related to physical and life sciences. The fair will comprise two main events, namely (i) ‘Science Quiz Competition’ and (ii) ‘Demonstration of various Engineering Models’ by the students of FET, MITS. This program will be an ideal place for higher secondary students to interact with MITS engineering students and acquaint themselves about the exciting and emerging fields in engineering and technology. The events will give them an opportunity to satisfy their curiosity and improve their skill sets.

Prof. N. K. Joshi,

Convener, MITS Science Fair-2011
